FY 2023-24

Annual Report

UNITED WAY
Washington
County

Message From The Executive Director

Greetings Community Partners!

As we look forward to celebrating our 100th anniversary throughout 2025, we pause to reflect upon the past fiscal year in this FY2023-24 Annual Report.

During the past fiscal year, we continued to strengthen our mission – to unite people, resources, and organizations to improve lives in Washington County – to serve our neighbors in need.

We united **people** by:

- Supporting over 54,000 individuals through our Community Impact Fund.
- Recording over 856 hours of volunteer hours by community members who served as board members, as Community Impact Fund Panelists, as Day of Service Volunteers, as Event Related Volunteers.

We united **resources** by:

- Being the link for our Washington County folks in need through our PA 211 Southwest Resource Help Line that operates 24/7, 365 days a year.
- Being the link for volunteer opportunities for all nonprofits and community members in Washington County through our Volunteer Connection website at www.volunteerwashco.org.

We united **organizations** by:

- Welcoming organizations to partner in various capacities to organize and distribute care drives to those in need.
- Welcoming organizations who invested in our mission to benefit the Community Impact Fund.

During FY23-24, total Community Investment resulted in a total of \$252,505 reinvested in 39 local programs in the areas of education, financial stability, and health. The amount of \$43,935 was raised and redistributed as directed by donor designations. The remaining amount of \$125,991 was distributed to other United Ways' specific programs.

We are forever thankful to our partners whether Workplace Giving Campaign Partners, individual and corporate donors, volunteers, sponsors, and/or Impact Circle Members.

On behalf of the United Way of Washington County Board of Directors and Admin Team, and most importantly, those neighbors who benefit from your generosity, thank you for your continued commitment allowing YOUR UNITED WAY to proudly serve the Washington County community for almost 100 years.

With gratitude,

P. Ann Hrabik

Impact Circle Members and 211

The Impact Circle is an opportunity for Washington County businesses to show their support of local United Way efforts by investing in the Community Impact Fund and supporting local programs that help with Veterans' Needs, Food Insecurity, Financial Stability, Education, Health and Supplemental Needs.

As an Impact Circle Member, these businesses will ensure that the United Way of Washington County's Community Impact Fund continues, and more importantly, grows, to fund local programs.

Thanks to the generous support of our community, over 54,000 people in need benefited from the Community Impact Fund in 2023-2024.

To learn more about becoming a member of the Impact Circle visit unitedwaywashco.org/impact-circle.

What is United Way's 211?

Everyone knows to call 911 in an emergency, but did you know that people in need can call or text 211 for help with non-emergency issues? Those in need of food, help paying utility bills, facing eviction, or finding housing can call 211 or text their zip code to 898-211 for free! 24 hours a day, 365 days a year.

Offered through the United Way of Washington County, 211 helps people find the resources they need right here in Washington County.

Volunteer Connection

Launched in April 2023, Volunteer Connection is a revolutionary web-based platform that helps nonprofits find and pair volunteers with the right opportunities in Washington County at no cost. This platform builds capacity and drives efficiency for local nonprofits as they look to connect with volunteers. The site offers community members, corporations or organizations looking to volunteer, one centralized location to quickly search for opportunities. Volunteer Connection will alert volunteers of new opportunities based on their self-identified interests and fanned nonprofits. Tracking volunteer time is simple, as the site enables volunteers and nonprofits to export several different kinds of reports. Schools, community groups, nonprofit agencies and local businesses can easily respond to meet their goals of engagement and giving back to the community.
